

TORQ Lite Webbing

ABRL-W TORQ Lite Fall Arrest Device

- Lightweight Design.
- Durable Materials.
- User-Centric Features.

EN 360 : 2002

Product description

The TORQ Lite Webbing Fall Arrest series, featuring the 3m and 6m devices, provides essential fall protection with a focus on mobility and ease of use. These devices are designed with a polyester webbing line that offers flexibility and durability. Anchored securely above the user, the retractable webbing adjusts smoothly as you move, maintaining a safe workspace. In the event of a fall, an automatic braking system activates, ensuring a controlled deceleration that minimizes the risk of injury. Each model is equipped with a Twistlock karabiner for secure attachment and a snap indicator for safety checks.

Product properties

Brand	TORQ
Adjustable under load	No
Energy absorber	Yes
Fall indicator	Yes
Material	ABC Plastic
Maximum load (kg)	136
PPE-category	Category 3
Declaration of Conformity	Yes
EN-standard	EN 360 : 2002
Identification	Serial number
Annual inspection	Yes, every 12 months
Life span	10 years
Notified body	2777, SATRA Technology Europe Limited, Bracetown Business Park Clonee, D15 YN2P, Ireland

RFID

No
