## EXPERT 40

The EXPERT 40 is a personal pack designed to organize and transport your equipment. Padded contact zones provide a comfortable carry. A variety of pocket sizes and equipment loops allow you to organize and secure your equipment. Two different access points make it quick and easy to find what you need. Designed for intensive use, its durable construction includes TPU material and a welded base with reinforced fabric.

Shoulder straps and back panel are padded for comfort when carrying the pack.

The side flap can be used to protect the carry zone (shoulder straps, back panel, and waistbelt) when the pack is being hauled, suspended, or laid on the ground.

Side panel and top opening allows quick and easy access to equipment

High-strength TPU material in areas most exposed to wear, allowing for regular to intensive use.

---

Short Description    Pack for organizing equipment, opens partially with side panel 40 liters

---

Selling Points

- Comfort and ease of use:
  - Padded shoulder straps and back panel provide comfort while carrying
  - Shoulder, waistbelt and chest straps can be adjusted for a more custom fit
  - Waistbelt can be tucked into the lower back panel when not in use
  - Chest strap can be removed
  - Can be carried with the shoulder straps or by one of the handles
  - Pack can be hauled or suspended using the top handle, which can support a load up to 50 kg
  - Side flap with reinforced fabric can be used to protect the carry zone (shoulder straps and back panel) when the pack is being hauled, suspended, or laid on the ground
- Equipment organization:
  - Three different pockets to organize equipment based on size
  - Six equipment loops to attach and secure metal equipment, for example
- Easy access to equipment:
  - Top opening with window
  - Side opening to quickly access three equipment loops and a pocket
  - Small front pocket can be used to store small personal items, such as keys
- Durable construction for intensive use:
  - High-strength TPU (PVC-free) material in areas most exposed to wear, for regular to intensive use; resistant to UV exposure (doesn't fade), to oil, grease, and high and low temperatures, and chlorine-free (no odor)
  - Reinforced fabric in areas with less exposure to wear, for a balance between low weight and rigidity
  - Welded base for abrasion and tear resistance
- Available in two colors (yellow/black or black)
